

## Notice of Project: 894652 Construction

**Submitted:** Monday, July 12, 2021 at 1:45 p.m. Pacific Time

Except as permitted by OHS regulation 20.2(4), WorkSafeBC must be provided at least 24 hour written notice prior to the start of the work activity. Work on this project, including set up activities, may begin on July 13, 2021, 1:45 p.m. Pacific Time, or on the start date indicated on the Notice of Project — whichever is later.

OHS regulation 20.2(3) requires that a copy of the Notice of Project is posted at the worksite for the duration of the project.

### Worksite details

Worksite Location				
	City	Location	Planned start date	Duration
1	Salmon Arm	2nd St SE, Salmon Arm, BC V1E, Canada 50.688264,-119.283336	7/13/2021	7 Months

#### Owner or agent representative of this worksite:

WorkSafeBC Account Number: 802046  
Wood Creek Construction LTD  
4950 46 Avenue Southeast  
Salmon Arm, British Columbia  
Canada, V1E 2W1

### Project information

#### Project:

Project cost greater than \$100,000

#### Person responsible for co-ordinating health and safety activities:

Marc Dansereau

#### Person in charge of the project:

Victor Zimmerman  
Director  
250-253-1188  
victor@woodcreek.ca

#### Prime contractor:

WorkSafeBC Account Number: 802046  
Wood Creek Construction Ltd  
4950 46 Avenue Southeast  
Salmon Arm, British Columbia  
Canada, V1E 2W1

**Prime contractor designated in writing:** Yes

## Scope of work

**General construction:**

Residential - single family

**Total number of floors (below and above ground):**

2

**Total floor area:**

3500 sq feet

**Site preparation:**

Ground preparation

**Other:**

This is a new residential construction project in the Foothill Estates Subdivision

**Electrical declaration:**

The project will use GFCI protection of installed receptacles in accordance with the requirements of the BC electrical code.

Where GFCI protection indicated above is not intended to be provided, the electrical contractor(s) will make application(s) to the applicable electrical authority for variance(s) to the BC Electrical Code requirements for the referenced GFCI protection based on a declaration by the prime contractor that an assured grounding program is implemented at the work site. Where the variance(s) is granted, it is the responsibility of the prime contractor to ensure that the assured grounding program at the site is used in accordance with WorkSafeBC published guidelines and practices set out in OHS Guideline 19.15(1) Ground fault circuit interrupters and other acceptable means.

## Other information

**Submitted by:**

Marc Dansereau

marc@woodcreek.ca

**Limitations**

Neither the issuance of a Notice of Project number, nor the absence of follow-up action by WorkSafeBC indicates acceptance or approval of the information provided. If you have any safety concerns regarding this project, contact the person in charge of this project or WorkSafeBC prevention information line at 604.276.3100 or 1.888.621.7233.

**Significant changes**

If the information on the Notice of Project significantly changes, the new information must be submitted to WorkSafeBC as soon as possible and posted at the worksite.

To update the information, provide WorkSafeBC with the Notice of Project number, the worksite address, and a summary of the changes you want to make by either:

**Email:** prevnop@worksafebc.com

**Fax:** 604.276.3247
